Prior appearance

Earlier versions of this manuscript were posted as the preprint arXiv:2605.24696, v1 on 23 May 2026 and v2 on 25 June 2026, under the title “CALIBURN: Operationally Calibrated Streaming Intrusion Detection with Regime-Dependent Conformal Risk Control”. Both are superseded. The corrected version, v3, posted 14 September 2026 under the present title, is the public version of this submission, differing from it only by the corrections listed in the account referred to below. A companion preprint, arXiv:2510.09619, shares part of the codebase and is not under review at any venue. The reproducibility artifact is archived as Zenodo version 2.2.0, doi:10.5281/zenodo.22673735. No version of this work has been published in any peer-reviewed venue, and it is under consideration at DTRAP and nowhere else. A full account of the prior appearance and the correction history was sent to the Editors-in-Chief by email on 21 September 2026 under this manuscript’s number.
